(Sorry for the inconvenience when the website was down.)

As many of you may know, Arlene has been in the states since August 9th due to her father's serious illness. A short time after that I came down with Dengue Fever which really zapped me and dropped my platelets dangerously low so I flew back to the states to see a doctor.

Praise God, Arlene's Dad is doing better and she will return to Central America September 22nd and praise God I am much better and am returning on September 15th. Thank you for your prayers and concerns during this time.

We have been blessed all across Central America through all of the mission teams during June, July and August. Many people were saved and opportunities are abundant to reach people with the gospel across Costa Rica, Honduras and Nicaragua.

The Children of Central America : Operacion Futuro

THE CHILDREN OF CENTRAL AMERICA -- HOPE FOR THE FUTURE

Our hearts have been burdened for sometime for those children in the countries of Honduras, Nicaragua and Costa Rica, who really do not have the chance to live the life God intended them to live.

We are speaking of more than just sending some to school as we do in Nicaragua or even feeding 100s each day as we do in Honduras but of much more.

We dream of these millions of under privileged children who are the future of these countries:

- **Having good housing**
- **Loving parents**
- **Attending a Christ honoring school in full uniforms**
- **Substantial food to eat and**
- **A promise and hope through Jesus for a wonderful life!!**

Most children in Central America have no one to hold them when they cry or anyone to help them when they are sick or abused.

**What will happen to them today?
Without hope and a future the
gangs, drugs, alcohol, abuse, prison and a wasted life takes over and satan is their
leader.**

What can we do?????

The only answer is an organized attempt to change society and every phase of their lives beginning at birth. It is our prayer that in 2008 some of you will partner with OEM, churches and organizations to adopt a pilot program in cities across these countries that will afford these children the opportunities you and I had as children to live a life with **hope and a future.**

If any of you are burdened by the hopelessness of the children as we are, please contact us soon at openeyes2@peoplepc.com

León and La Playa Ocotal: We have officially closed our home in León, Nicaragua after 8 years and are now living in la Playa Ocotal, Costa Rica as God directed. We will continue to use our home in Choluteca, Honduras to reach across the country of Honduras.

PRAYER NEEDS:

- Good health and energy
- Partners
- A new van to replace the green one which we have donated to Elmer Lopez
- Laborers for the fields are ripe with harvest but the laborers are few
- Two new Zone Pastors, one in Central Honduras and one in Northern Costa Rica.
- That we will be found faithful to the end.
