

OPEN EYES MINISTRIES

JUNE/JULY 2007 NEWSLETTER

“RETURN TO CENTRAL AMERICA”

We were so blessed to be able to spend some time in the US, visiting churches, friends and family and especially to be with our new granddaughter, **Kaylene**.

We returned to Costa Rica on June 18 for concerts with **Faith Promise Church** and will be in Costa Rica until late August. God has opened a harvest for OEM in **Costa Rica** and we are ministering in hundreds of churches and organizations from **La Cruz to Puntarenas**.

In Honduras: So many blessings abound from salvations to growing churches to OEM's **Children's Feeding Program** in San Marcos de Colon to our new **“Ophthalmology Clinic”** which begins in September in **Choluteca**.

Pray for God's direction as we also are praying about moving our home and office from Choluteca to the central part of Honduras in the city of **Comayagua** in 2008.

In Nicaragua: Our teams are reaping a harvest of souls and our 6 Zone Pastors, led by **Eduardo Sanchez**, are continuing to expand our borders and influence throughout the country.

Pray for us as we follow God's leading to move our home and office from Leon, Nicaragua to **Ocotal Beach, Costa Rica** in August, 2007.

Pray for the country of **Nicaragua** as it is being led down a treacherous path by their President as he reaches out to Venezuela, Bolivia, Cuba, North Korea and other “leftist” countries.

Please check our website for future teams, Board of Directors and much more at **Openeyes.org**

We are **NO LONGER** using the **openeyes@cablenet.com.ni** email, please send all emails to **openeyes2@peoplepc.com**

For 6 weeks we have with us 2 Summer Interns,
Ashley Tjader and Brett Johnson

Ashley is a Sophomore at the University of South Carolina.
Brett is a Junior at East Tennessee State.

They are seeing first hand how a ministry operates in multiple countries.

Pray God will open their eyes to His future plans for them.

For pictures and more information on them, please check our web site at
