Central America

God blessed us so very much during Easter week (Semana Santa). The stores were closed and so much activity centered around Christ.

We had a youth team here from North Carolina and they ministered by painting and repairing a community basketball court, VBS, and leading church services including the worship and drama.

Because of a donation provided by the above youth team, we purchased chickens, feed and material to construct an area to house the chickens for an orphanage in La Paz.

Through JAM we were able to do a two night crusade in

La Paz, and in addition to do evangelism, leadership conferences and preaching the Word in churches and in prison.

All of this and more is in Honduras for more information in the other countries you can reach the leaders through the emails listed above.

Because God has opened so many doors across Central America that have requested our help with leadership training, we are praying for additional laborers. Because we know that we cannot outrun our leadership bass we need leaders who are ready

to cross the line and change the world. Pray that God will bless us with wisdom and discernment and finances as we seek these co-laborers in Christ.

Update from Hillary Harrell: "I really enjoyed my internship with Open Eyes Ministries. I was so blessed to have the opportunity to serve the people of Honduras; work with teams, and in medical clinics, seeing lives change and making lifelong friendships."

Update from Adrienne Levy: "My English classes have been going really well and I have been getting great feedback. I am so excited to see what God is going to do through these classes and in my life as I work in the many areas of ministry with Open Eyes Ministries."

Hillary has now returned to the states. Thank you Hillary for your hard work here in Honduras and El Salvador with Open Eyes Ministries.
