OJOS ABIERTOS

November 2012

On October 22nd through the 26th we began giving out parasite medicine to 4,300 children in the Comayagua area schools. Our intent is to provide a healthier lifestyle for as many children as possible (see pictures below) and we will be providing the medicine every six months to the same students in conjunction with the Health Department and the school administration. This is the first time for such an effort in Comayagua, Honduras. Pray that this will be a great blessing.

We received in October a **Police Training Team** who spent a week helping the National Police understand how to be better leaders, hand to hand training and firearm training. It was a wonderful experience and well received and OEM thanks almighty God for a chance to be part of it. (See pictures below). 28 of the police officers from Comayagua made professions of faith in Jesus.

Having celebrated our 13th anniversary in Central America on October 22nd, we continue to look to the future and what God has prepared for OEM.

Our funds to feed children in the Comayagua area is depleted. Without financial help we will have to close it and we are asking for your help for those 125 children who eat there each day.
